January 8, 2008

Dear Margaret,

As per your request, please find enclosed within this envelope a check for \$3.00 for the purchase of the unabridged version of **League of Women Voters Conference**. I am looking forward to receiving the video and telecasting it on EBCTV Channel 9.

I am hoping this show will inspire the local population to get further involved within the political process and possibly boost our town's voting numbers. It would be nice to see political participation go up.

Thank you for your time and assistance in this matter. Have a great day.

Cordially,

Russ Hannagan
